Manufactured By

EcoBest™ Concrete, Masonry, & Wood Cleaner/Degreaser

Made with an advanced bio-based soy ester mixture to safely penetrate and release the most difficult soils.

EcoBest™ Cleaner/Degreaser is concentrated for flexible dilution ratios to clean heavy oils to stained fabrics. It works by breaking the bond of the foreign soil rather than dissolving them which allows a safer and more thorough cleaning. Packaged with bi-lingual labeling to reach a wider demographic consumer.

Spanish Bi-Lingual Labels

EcoBest™ Concrete, Masonry, & Wood Cleaner/Degreaser is a powerful eco-friendly biodegradable concentrated cleaner that has incredible grease cutting ability required for difficult cleaning tasks, yet contains no butyls, abrasives, or alkalines. Neutral pH for safer use on virtually all surfaces which makes it the ideal everyday maintenance cleaner that won't damage substrate finishes.

It is the ideal heavy duty cleaner for all surface preparation cleaning to remove oils, grease, liquid stains, dirt, graying or weathered wood, chemical stripper residues and more. Safety used on concrete, masonry, stone, tile, wood, vinyl siding, laminates, gelcoats, canvas, metal, fabric, upholstery, and more. 1 gallon will make up to 6 gallons of ready to use product at a 5:1 dilution
